- 2. September 25 to 26, 2020 Board Retreat: Board retreat this year will be in September rather than early December to avoid the holiday season and align with the October meeting for the 2021 budget. Ms. Margot Helphand is confirmed to serve as the facilitator. Location is the Verdant Community Wellness Center. President Knowles asked the board members their preference on having a full-day retreat on Saturday, September 26 or half-day on Friday, September 25 and half-day on Saturday, September 26, 2020. Each commissioner weighed in and indicated a fullday program on Saturday, September 26 is preferred.
- 3. Verdant's Return to Work Action Plan. Thank you to Ms. Waldin & Ms. Goto for their work on the plan development. The plan includes Verdant's 3-phase approach to re-opening the Wellness Center with Phase 1 for staff only, Phase 2 for select partners for individual appointments, and Phase 3 for general Verdant programs for the public. Wellness Center room capacities have been adjusted to allow for physical distancing, PPE has been purchased, high-touch areas will be disinfected each evening, there is one designated entrance and exit into the building, everyone who enters the building signs a COVID-19 Log, and everyone must wear a facial covering. Staff will use staggered schedules and alternate office locations within the building.
- 4. A draft racial and cultural value statement for Verdant is being worked on and will be emailed to the commissioners for their feedback.

2020 Grant Funded Project Questionnaire Overview

Background:

To get a clear grasp of the status of all current contracts, we requested each grant partner under contract during COVID-19 complete a questionnaire providing us with basic information about how the pandemic is affecting their ability to:

- 1) meet outcomes identified,
- 2) complete the terms by the contract end date, and
- 3) utilize the full grant award.

This questionnaire was distributed by email on July 1, and the due date is July 21, 2020. We expect to receive 74 completed questionnaires and had 50+ by start of business on Monday, July 20. Reminders were sent to partners who had not yet submitted a week before the due date.

Next Steps:

Once received, staff will review responses and develop a plan with next steps including prioritization of contracts needing attention. Program Committee will be involved in discussing the feedback and working through required contract amendments. Through this process, we will work with partners identify Plan B (and Plan C, if needed) strategies to support the partners and provide flexibility for the duration of their contract.

Verdant Community Social Worker Highlights: June/July 2020

- During this period of shelter in place, several clients have faced increased behavioral health and medical issues. I
 have worked closely with several to work towards improved overall health and wellness. Several of my
 chronically homeless clients have disappeared; however, I do get reports from police, the hospital, or others if
 they have had contact with them.
- Worked with several clients whose alcohol use dependence has increased and has severely impacted their health. One (57) completed detox and has several weeks sober, another (53) has reduced his drinking (harm reduction).
- One female client (53) has experienced serious medical problems with her type 2 diabetes, and was hospitalized. Since her discharge at the end of June, I have worked closely with her to purchase diabetes friendly foods and we have set daily goals with her. As she has a multitude of additional medical and behavioral health problems, she often disassociates, and does not know what to do next. For a 2 week period I have been texting her morning and evening to remind her to eat and test her blood sugars. She states this is really helping.
